

## Affinity Groups

*Now is the time... to Engage!  
Now is the place... Globally!  
Now is your turn... to Unleash Possibilities!*

*Leverage your membership to connect with ASME groups world-wide.*

## How I Get Involved?

Choose One or Choose Them All (There is no wrong answer):

- A. Check out the website Search Google for "ASME" and "AFFINITY"
- B. Join a Group – Go to <https://my.asme.org/> and "update your professional profile"
- C. Participate in Discussions - Many Affinity Groups are currently using Facebook & LinkedIn
- D. Attend an Event - Networking Receptions & Socials at IMECE
- E. Or... Start a New Affinity Group!

## What are Affinity Groups?

*Affinity Groups are unique and diversified groups of members connected by common interests, visions or passions acting together to reach other members with similar outlooks*

## Why form Affinity Groups?

- Share your passion and promote awareness
- Network with others that have a common interest
- Increase visibility within ASME
- Contribute in leadership roles
- Seek funding for activities and events
- Increase your contact database
- Create a new home within ASME

## Why participate in Affinity Groups?

- Make a difference.
- Have fun doing what you enjoy with others.
- Share information.
- Learn something new.
- Participate in events and ASME functions.
- Access new ASME resources.
- Explore curiosity without boundaries in the mechanical engineering arena.
