

Management Division

Who are we ?

- 10,000+ Individuals in ASME who help manage/direct others in their work duties, projects, etc...
- Manage the development of products, product lines, etc...
- Part of the Engineering & Technology Management Group
- Part of the newly formed Technology and Community Group

Where are We Found in the World of Engineering?

- We are found in all areas of business and academe. We are in project and program management, technological innovation processes, motivation, communications, human resources, organization and planning, technological forecasting, and assessment, entrepreneurship, product and market analysis, sales engineering, technology transfer, finance, economic development, management information systems, application of computer programs and data bands, small business management and development, education, quality, productivity, and Safety.

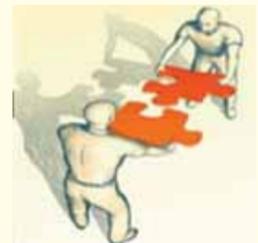

About MGT

- We are part of the Technical Communities of the new Knowledge & Community Sector
- We cut across all units and technical areas of ASME by enhancing the membership through :
 - Professional development of skills
 - Developing and delivering technical training
 - Promoting the profession of management
 - Serving the organizational needs of ASME Members
 - Providing support to the Engineering Management Certification Program

What do We Do?

- Promote the art, science and practice of management
- Encourage and foster research, development, and the publication of significant information in the field of Management
- Foster the interchange of ideas
- Provide opportunities for education and training
- Stimulate interest in management
- Recognize outstanding achievements and contributions in the field of Management.

Where are We Involved in ASME...?

- Local / Regional Seminars
- ASME Congress
 - Working with Engineering & Technology Management with sessions covering
 - Project Management
 - Business Skills for the Young Engineer
 - Transition from Engineering to Management
 - Women in Engineering Management
 - Etc...
- Enjoying ourselves and our Careers

Where do you find us in ASME?

- The Management Division is a cross-cutting engineering based organization of ASME International where engineers, YOUNG and NOT-AS-YOUNG engineers/managers call home
- Come join the team!
- You can find us at:
 - www.asme.org/divisions/management

WHO DO WE SERVE?

YOU, the ASME Member
See you at our next meeting!
