ASME TURBO EXPO 2011

Vancouver, BC, Canada | June 6-10, 2011

Vancouver Convention & Exhibition Centre

## GAS WIND STEAM GAS WIND STEAM GAS

ASME Turbo Expo includes technical sessions, tutorials, panel discussions, trade show exhibits, committee meetings, career development and abundant networking opportunities. Benefits for all turbine industry segments: design, manufacturing, R & D, education, operations, repair/maintenance. Take the lead at **ASME TURBO EXPO**. Meet 3000+ turbomachinery professionals from more than 50 countries.

*"Turbo Expo is the place to be for networking and keeping in touch with turbomachinery development."*

Bent A. Phillipson - Turbine Development | ABB Turbo Systems AG

*"The [Turbo Expo] technical congress is state-of-the-art and quite comprehensive."*

Dr. Oliver Schneider | Siemens AG

*"[Turbo Expo] allows me to meet colleagues and researchers from all over the world. It's a source of ideas for further developments and collaborations."*

Isabelle Trébinjac | Ecole Centrale de Lyon

*"As a student, Turbo Expo is a great learning experience which benefits my professional life. I enjoy seeing the different research projects on turbine components. Also seeing how different people present their information is a great experience."*

Jason Ostanek | Pennsylvania State University

*"[Turbo Expo] is the best conference for meeting a wide spectrum of people who work in the same technical field."*

John Moran - Corporate Specialist - Combustion | Rolls-Royce

### WHY YOU SHOULD COME

- High ROI
- Cutting-Edge Technology
- Networking
- Practical Application
- Leading R&D
- Career Development
- Industry Leaders
- Fundamental Training
- Targeted Leads

### 5 DYNAMIC DAYS

**TECHNICAL CONFERENCE:** State-of-the-art knowledge and vision for all aspects of turbomachinery technology.

**EXPOSITION:** Over 150 leading suppliers of turbomachinery products and services bring real-time solutions.

**TRAINING WORKSHOPS:** In-depth workshops providing fundamental study on selected subjects.

**FACILITY TOURS:** Hands-on opportunities for real-world, close-up experience.
