#### ***A word of caution:***

There is literally a plethora of information about fundraising on the internet. Technology is moving so rapidly that what is posted today may be obsolete next week or even tomorrow. Be sure to look at dates on what you click on. Also, you will find fundraising ideas ranging from car washes and bake sales to capital campaigns. Many will not suit your needs. Separate the wheat from the chaff to determine what will be the most efficient and the most profitable. Good luck!
