

DAYTON ENGINEERING SCIENCES SYMPOSIUM

Highlight Theme: Artificial Intelligence and Machine Learning

Tuesday, October 29th 2024

University of Dayton at Kennedy Union

Solid Mechanics
Aerospace
Fluid Dynamics
Heat Transfer
Controls
Design & Optimization
Biomechanics
Bioengineering
Undergraduate Research Projects

Renewable Energy
Manufacturing
Materials
Thermal Sciences
Human Factors
Renewable Energy
Engineering Education
Product Research & Development

Keynote Speaker
Dr. Kevin Hallinan

AI Education Consultant & Director
of Impact Mining, Synota.io
